Subject Index

ACCIDENTS
see also Poisoning
motor vehicle fatalities and other causes of death, effect on work-life expectancy, Connecticut *85
study of accidental injuries, Brown County, Minn. (CR) 245
traffic relationship to roadway design and traffic control (SR) 423
ADMINISTRATION
public health, approaches to teaching *180
AGED
medical care program in housing project, Cleveland *1005
survey of health needs and potential manpower for home care, Newton, Mass *571
AGING
Federal Assistance for Projects in Aging (PA) 576
Public Health Service programs *577
study of basic structural components of bones and teeth (SR) 12
AIRBORNE INFECTIONS
laboratory-acquired (CR) 238
risks in diagnostic laboratories (CR) 238
risks in hospitals (CR) 239
safety measures against laboratory-acquired *619
AIR POLLUTION
and Tokyo-Yokohama asthma in Japan *439
control, legal aspects *689
observations of Irazú Volcano, Costa Rica *925
PHS air sampling network, new cities (SR) 336
relation to mortality from respiratory diseases (CR) 208
résumé of work in air pollution control, legal aspects *696
ALASKA
electric power and environmental health in native villages *1087
1964 earthquake, effect on functions of PHS hospital *853
ANDERS LECTURE
numerical method in therapeutic medicine *1
ANNOUNCEMENTS, ORGANIZATIONS
American Board of Preventive Medicine examinations, 1965 904

cytological screening for cancer in venereal disease program *1112
in California, 1942–56 *346
lung, death rates for women, 1958–59 (SR) 560
prevention of virus-induced malignancies by prenatal vaccination (CR) 233
proposed research studies for prevention (CR) 233
research on chemicals related to plant growth regulators (SR) 1080
study of pesticides and other chemical substances for carcinogenicity (SR) 350
CARDIOVASCULAR-RENAL DISEASES
recent changes in mortality from, California *147
CEREBROVASCULAR DISORDERS
factors influencing patients to seek rehabilitative care *525
CHILD HEALTH AND WELFARE
see also Infants; Maternal Health; School Health
control of childhood lead poisoning *167
dental care program for handicapped children (CR) 243

CHILD HEALTH AND WELFARE—Continued
epilepsy in Negro children, perinatal factors (CR) 224, *501
family factors in accidental poisoning (CR) 245
health and day care for children of migrant workers *847
projects to combat mental retardation, California (CR) 222
screening programs for phenylketonuria, Kentucky and Oregon (CR) 222
social factors in attendance of children at psychiatric facilities (CR) 220
studies on radioactivity in children's diets (SR) 532
surveillance of congenital malformations, Philadelphia (CR) 223
CHOLECYSTECTOMY
for chronic typhoid carriers, New York State, 1945–63 *567
CHRONIC DISEASES
see also name of disease
prevalence study, Tecumseh, Mich. (CR) 234
CIVIL RIGHTS
march, organization of health services, Washington, D.C. *461
COMMUNICABLE DISEASES *see* name of disease
COMMUNICATIONS
distribution of project and activity information to staff, Georgia Department of Public Health (SR) 521
high-speed phototypesetter installed, National Library of Medicine (SR) 996
COMMUNITY HEALTH
see also Health Services
administration, effects of three basic types of law *654
planning for services *1101
CONFERENCE REPORTS
AMA Congress on Environmental Health Problems, 1964 889
American Public Health Association, 91st, 1963 205
Institute on Public Health Law, 1963 645
PHS and American Public Works Association, 1963; research in solid wastes 97
public health conference on records and statistics, 1964 991
pollution control in the lower Mississippi 843
Radiological Health Specialists, first national, 1963 307
World Health Organization, European Region, 1963; public health aspects of chronic rheumatoid arthritis and related diseases 582
CONTRACEPTIVES
oral, acceptability by indigent women (CR) 225
COSTA RICA
observations on air pollution aspects of Irazú Volcano *925
CYBERNETICS *see* Automatic Data Processing; Invention Reports

DEATH RATES *see* Vital Statistics
DENTAL CARIES
in children, effect of fluoridated water in schools *778
properties of gallium-palladium alloys as dental filling material; invention report *638
DENTAL HEALTH
dental care program for handicapped children, Idaho (CR) 243
effect of dental diseases on national economy (CR) 243
school dental care in community with controlled fluoridation *113
status of children 5 years after school care programs *445
DIABETES
differences in glucose determinations obtained from plasma or whole blood *515
estimated number of cases in United States (SR) 878
rapid plasma micro screening technique *1081
survivorship rates for diabetic patients (CR) 210
DIARRHEA
diarrheal disease and health services in Latin America *917
DIET *see* Nutrition
DISASTERS
Alaska earthquake, 1964, effect on functions of PHS hospital *853
natural, epidemiology in public health planning *863
DISINFECTANTS
iodine and chlorine in swimming pools, comparative study of microbial flora *251
DRUG ADDICTION
discharged addicts, rehabilitation through community facilities, New York City (SR) 487
narcotic addicts, discharge from hospital against medical advice *13
State authority to require rehabilitation (LN) 698
DRUGS
effectiveness in treating schizophrenics (SR) 467
patterns of use, by type, in prepaid medical plan *403
penicillin, reaction to unintentional intravascular injection *610
safeguards against adverse reactions (CR) 207
tranquilizers, effect on mental patients (SR) 777

EARTHQUAKES *see* Disasters
ECONOMICS, HEALTH
cost analysis of nursing services (CR) 231
national expenditures and suggestions for full use of community resources *773
ECONOMICS, HEALTH—Continued
public expenditures for the mentally ill in New York City, 1960–61 *879
Sweden's health and cash benefits program *815
EDUCATION, HEALTH
see also Exhibits
health fair, Michigan (CR) 248
outdoor health fair, Baltimore (SR) 376
EDUCATION NOTES *see* Training Courses
EMERGENCY SERVICES
for civil rights marchers, Washington, D.C. *461
in PHS hospital during Alaskan earthquake *853
ENCEPHALITIS
transmission of eastern, evaluation of role of *Phormia regina* *522
ENVIRONMENTAL HEALTH
airborne infections in hospitals (CR) 239
and electric power in Alaska native villages *1087
AMA Congress, 1964 (CR) 889
contribution of occupational health findings to general environmental science *953
coordination of a community study *537
effects of heat and cold on the human body (MS) 455
enterococci from plants and animals (CR) 215
hospitals, measurement of bacterial contamination on surfaces *1021
planning for growing suburbia (CR) 213
urban planning for *201
EPIDEMIOLOGIC NOTES
Aedes vexans nocturnus (Theobald), new immigrant mosquito in Hawaii 24
EPIDEMIOLOGY
in public health planning for natural disasters *863
occupational disease, estimation of expected rates *973
EPILEPSY
in Negro children, perinatal factors (CR) 224, *501
EVALUATION
of health services to improve performance *45
EXHIBITS
bovine mastitis control, PHS 32
food protection for the consumer, PHS 32
safe drinking water, PHS 894

FILARIASIS
attack on vector, British Guiana *137
FISH
killed by water pollution, 1963 data (SR) 842
kills from endrin in the lower Mississippi (CR) 843
FLUORIDATION
in school water systems, effect on dental caries susceptibility *788
school dental care in community with controlled *113

FLUORIDES
The Role of Fluoride in Public Health (PA) 257
FLUOROSIS
reduction by partial defluoridation of natural water supply, Bartlett, Tex. (CR) 243
FOODBORNE DISEASE
prompt identification by gel-diffusion methods (SR) 179
staphylococci and salmonellae in commercial wrapped sandwiches *997
Staphylococcus aureus in synthetic cream fillings and pies *369

GAMMA GLOBULIN
comparative efficacy of two doses in prevention of infectious hepatitis among household contacts *634
GONORRHEA
direct FA technique using Flazo orange counterstain in identification of *Neisseria gonorrhoeae* *1119
selective medium for cultivation of *N. gonorrhoeae* and *N. meningitidis* *49
GOVERNMENT
Federal, interests in prepaid group health practice plans and programs *144
GRANTS AND FELLOWSHIPS
for hospital and other construction, PHS (SR) 260
grants associates program, PHS *549
grants for smoking control research, PHS (SR) 1111
World Health Organization fellowships for U.S. health workers (SR) 1020

HANDICAPPED
see also Rehabilitation
special housing needs (SR) 76
HANSEN'S DISEASE
recent research into biology of *Mycobacterium leprae* *481
social casework for patients *193
HASHIMOTO'S DISEASE *see* Thyroiditis
HEALTH DEPARTMENTS
distribution of project and activity information to staff, Georgia (SR) 521
evaluative studies to improve performances *45
future development of research; review *261
metropolitan, effect of new health concerns on organization and administration (CR) 211
neglect of occupational health in public health planning *963
research plans, Los Angeles County (CR) 247
HEALTH LAW CENTERS
Law-Medicine Institute at Boston University, interprofessional cooperation *743
University of Pittsburgh Graduate School of Public Health, activities *739

HEALTH SERVICES
and diarrheal disease in Latin America *917
due process and organized health services *664
emergency organization, civil rights march, Washington, D.C. *461
migrant health project, Pennsylvania, 1963 *561
progress in Puerto Rico *41
public health programs today and tomorrow, legal aspects *673
regional organization (CR) 226
role of law *647
HEART DISEASE
coronary, serum cholesterol levels in men, by age and race (CR) 234
diagnosis by electronic data computer (SR) 40
status of patients with congenital, 10 to 15 years after surgery *377
HEMORRHAGIC FEVER
Bolivian, implication of *Calomys callosus* in transmission (SR) 767
HEPATITIS
infectious, comparative efficacy of two doses of gamma globulin in prevention among household contacts *634
HISTOPLASMOSIS *see* Mycoses
HOME CARE
for the aged, by public health nurses (CR) 231
home health aides, Philadelphia (SR) 566
potential manpower among the aged, Newton, Mass *571
training for family members (CR) 231
HORSES
influenza epidemic among racehorses 1963; epizootiology and etiology *393
influenza virus in racehorses (CR) 239
HOSPITALS
administration, survey of hospital law *723
airborne infections (CR) 239
bacterial contamination on surfaces, measurement *1021
legal problems facing modern *735
HOSPITALS, MENTAL *see* Mental Institutions
HOUSING
American Public Health Association's housing ordinance (CR) 211
special needs for the handicapped (SR) 76
HYPERTENSION
need for study of causes (CR) 234

IMMUNIZATION
see also Vaccination; Vaccines
booster dose of diphtheria and tetanus toxoids and pertussis vaccine, antibody response 13 years after inoculation *424
INDIANS, AMERICAN
maternal and child health, programs and activities (B) 468
INDUSTRIAL HYGIENE *see* Occupational Health

INFANTS
American Indians, programs and activities (B) 468
influence of weight and gestation on perinatal losses by ethnic groups (CR) 225
response to DTP-Polio vaccine used in nine injection schedules *585
10-year followup of small premature (CR) 224
INFECTIOUS DISEASES *see* name of disease
INFLUENZA
antibodies for parainfluenza virus in children (CR) 237
equine epidemic, 1963 (CR) 239
equine epidemic, 1963; epizootiology and etiology *393
INSURANCE, HEALTH
coverage for school employees (CR) 229
coverage for unemployed (CR) 229
hospital use rates, Canada (CR) 229
new group health centers (SR) 258
new pattern, southern Califorina (CR) 228
organization and the law *709
prepaid drug benefit, 1 year's cost and use experience *403
prepaid group health practice plans and programs, Federal Government interests in *144
prepaid health plans, comparison of consumer sponsorship with physician sponsorship (CR) 228
Sweden's health and cash benefits program *815
INTERNATIONAL HEALTH
international mail pouch 768, 862
tuberculosis morbidity and mortality (SR) 305
INVENTION REPORTS
automatic reader and converter 402
culture tube and pipette for cultivation of tissues on standard microscope slide *642
gallium-palladium alloys as dental filling material *638

JAPAN
Tokyo-Yokohama asthma and air pollution *439

LABORATORY ANIMALS
use and care of, California's law *1107
LABORATORY TESTS AND TECHNIQUES
ability of synthetic cream fillings and pies to support multiplication of *Staphylococcus aureus* *369
comparison of S–K test with tissue examination in detection of *Trichinella spiralis* *271
crude tissue culture antigen for determination of varicella-zoster complement fixing antibody *839
culture tube and pipette for cultivation of tissues on standard microscope slide; invention report *642
differences in glucose determinations obtained from plasma or whole blood *515
evaluation of FA and conventional techniques for identifying group A beta hemolytic streptococci *510
LABORATORY TESTS AND TECHNIQUES—Continued
evaluation of role of *Phormia regina* in transmission of eastern encephalitis *522
evaluation of RPR card test for syphilis screening in field investigations *496
identification of *Neisseria gonorrhoeae*, direct FA technique using Flazo orange counterstain *1119
FTA–ABS absorption procedure to remove nonspecific treponemal antibodies from human serums *410
measurement of bacterial contamination on surfaces in hospitals *1021
rapid automated micro screening technique for diabetes *1081
rapid plasma reagin (circle) card test, evaluation *491
selective medium for cultivation of *N. gonorrhoeae* and *N. meningitidis* *49
staphylococcus and salmonella, multiplication in commercial wrapped sandwiches *997
use of wood applicators for confirmatory test in bacteriological analysis of water *812, 1014
LATIN AMERICA
diarrheal disease and health services *917
future health manpower needs *911
LAWS AND REGULATIONS
application of laws to community health administration *654
application to work in air pollution control *696
architecture of public health statutes and administrative regulations *747
California laboratory notification regulation, reporting of syphilis reactors *1015
cases discussed by work groups, Institute on Public Health Law, Los Angeles, December 1963 646
due process and organized health services *664
hospital administration and the law *723
law as a tool for scientific and social ends (E) 734
legal aspects of air pollution control *689
legal aspects of environmental sanitation control *683
legal aspects of medical care organization *709
legal aspects of public health programs *673
legal aspects of sanitation programs *676
legal control of water pollution *707
legal problems facing modern hospitals *735
legal problems in provision of medical care *720
legislation on water pollution control *699
model law to regulate use of individual wells and septic tanks in suburbs, PHS (SR) 183
role of law in public health *647
use and care of laboratory animals, California *1107

LEGAL NOTES
narcotics addiction 698
public health nuisance abatement 296
LEPROSY *see* Hansen's Disease
LEPTOSPIROSIS
hazard to conservation workers, Missouri (CR) 237
LEUKEMIA
acute, PHS contracts for studies of blood platelet replacement (SR) 637
death rates, epidemiologic study (CR) 232
mortality rates, changes in sex differentials *1093
LYMPHOSARCOMA
in California cattle (CR) 240

MANPOWER
health, future needs in Latin America *911
public health trainees, report on 1963 conference (CR) 246
statistics on physician supply, 1950–63 *905
MATERNAL HEALTH
attitudes of maternity patients toward future childbearing (CR) 225
smoking and prematurity, review *553
MEASLES
vaccines, study of efficacy (CR) 235
MEDICAL CARE
ambulatory services, Stanford School of Medicine (CR) 247
legal problems in provision *720
needs for comprehensive care (CR) 226
post-hospital care for medically indigent chronically ill (CR) 227
post-hospital followup study of chronically ill (CR) 228
program for the elderly in housing project, Cleveland *1005
provision of rehabilitation services through organized labor *1040
role in preventive supervision (CR) 226
MEDICAL CARE PLANS *see* Insurance, Health
MEDICAL CENTERS
dedication talk at Stanford; medicine for a new age *33
MEDICAL SCHOOLS
development as community resource (CR) 227
trends in staffing *77
MENTAL DISORDERS
Directory of Resources for Mentally Ill Children (PA) 480
flow of children toward patient psychiatric facilities, social factors (CR) 220
project to combat, California (CR) 222
relationships between social class and prevalence (CR) 219
role of policemen in support and control of disturbed persons (CR) 220
schizophrenia, efficacy of drugs in treatment (SR) 467

MENTAL HEALTH
attitudes toward mental illness in a Maryland community *769
coordinated services by health department-general hospital teams (CR) 217
Federal aid to community mental health centers (SR) 738
national program (CR) 216
organization of services by private foundation (CR) 219
outpatient statistics program, 1964 *435
patients discharged from mental hospitals, social service needs (CR) 218
public expenditures in New York City, 1960–61, patterns of treatment and financing *879
relation to occupation *979
MENTAL INSTITUTIONS
architectural considerations (CR) 221
community clinic, team approach to intake procedures *488
needs in Great Britain (CR) 221
patient experience in psychiatric units of general and State, first admission rates and 2-year followup *735
MIGRANTS
health and day care for children *847
health project, 1963 *561
in farm labor, national task force (CR) 248
MILK
sanitation honor roll, 1962–63 273
sanitation honor roll, 1962–64 930
MOLLUSKS
studies on Puerto Rican Physidae for control of sheep liver fluke disease *1025
MONGOLISM
Down's syndrome, birth certificate reporting *19
MONOGRAPHS
No. 72. Heat and cold and their control *by* Douglas H. K. Lee (PHS Pub. No. 1084). Summary article 455
MORBIDITY
see also Vital Statistics
patterns among homogeneous populations (CR) 208
MORTALITY
see also Vital Statistics
from cardiovascular-renal diseases, recent changes in California *147
from motor vehicle accidents and other causes, effect on work-life expectancy, Connecticut *85
infant perinatal losses, influence of weight and gestation, by ethnic groups (CR) 225
in relation to work experience and income level (CR) 209
leukemia rates, changes in sex differentials *1093
MOSQUITOES
Aedes aegypti, PHS campaign against (SR) 391

MOSQUITOES—Continued
Aedes vexans nocturnus (Theobald), new in Hawaii (EN) 24
MYCOSES
blastomycosis, difficulties in diagnosis (CR) 237
histoplasmosis and blastomycosis, transmission from animal to man (CR) 236
histoplasmosis epidemic, implication of starling excreta (CR) 236
relationship of *Histoplasma capsulatum* to avian habitats; review *266

NARCOTICS ADDICTION *see* Drug Addiction
NURSES
graduate education (CR) 232
public health nurse as consultant in nursing home (CR) 230
Public Health Service professional nurse traineeship program (SR) 784
role in rehabilitation of child with rheumatic fever and rheumatic heart disease *533
NURSING SERVICES
cost analysis (CR) 231
evolution in occupational health *967
part-time in industry (CR) 248
public health, home care for aged (CR) 231
public health, study of patient progress to evaluate effectiveness (CR) 230
training of family members for home care (CR) 231
NUTRITION
effect of austere survival ration on U.S. Navy volunteers (CR) 242
food fallacies (CR) 242
for the aged (CR) 241
revised recommended dietary allowances (SR) 570
synergism of infection and malnutrition (CR) 241

OBESITY
in adolescents (CR) 241
OCCUPATIONAL HEALTH
complementary approach to environmental health *953
diseases of white collar workers *958
effects of noise on job performance (SR) 990
evolution of programs in State and local governments *942
hazards to health workers (CR) 249
in coming decades *985
laboratory-acquired infections (CR) 238
laboratory safety in research with aerosols *619
medical department performance, AEC audit (CR) 249
mental health and occupation *979
neglect by public health planners *963
1914–64 (SR) 941
occupational disease epidemiology, estimation of expected rates *973

OCCUPATIONAL HEALTH—Continued
part-time nursing services in industry (CR) 248
preventive medicine in industry *948
risk of airborne infections in diagnostic laboratories (CR) 238
role of nursing services *967
silicosis in metal miners (SR) 947

PEACE CORPS
volunteers, premature return *1065
PHENYLKETONURIA
detection by inhibition assay method (SR) 1122
screening programs, Kentucky and Oregon (CR) 222
PHYSICIANS
supply, 1950–63 statistics *905
POISONING
childhood accidental, family factors (CR) 245
lead, control of childhood *167
role of poison control centers (CR) 244
POLIOMYELITIS
inactivated vaccine program, 1955–61, national participation *469
oral vaccine, report of Surgeon General's committee (SR) 1100
PREVENTIVE MEDICINE
in industry *948
prevention of infectious hepatitis among household contacts, comparative efficacy of two doses of gamma globulin *634
PSITTACOSIS
prevalence in commercial birds and risk to man *101
PUERTO RICO
public health progress *41
studies of Physidae for control of sheep liver fluke disease *1025

Q FEVER
antibodies, occurrence and geographic distribution in Alabama dairy cattle *836
in the Americas, effective methods for study *417

RABIES
incidence in skunks, Ohio *161
RADIATION
basic surveillance programs *313
control, State planning *343
control system, New York *333
environmental surveillance, application of statistical techniques *1057
exposure from fallout, critique of control methods (CR) 214
exposures, field testing of public health preventive measures (CR) 214
from fallout, implications of iodine 131 *25
nationwide study of medical X-ray exposure, PHS (SR) 330
population exposure to X-rays, field trial of system to obtain data *185

RADIATION—Continued
protection against I-131, Utah *324
protection organizations, bibliography (PA) 312
radioactive materials, State regulation *308
radionuclide content in meals of selected school children, PHS study (SR) 532
radium control problems *337
rehabilitation of a radioactive building *829
selecting surveyors of X-ray equipment *317
use of human hair as indicator of intake and body burdens of strontium 90 *1030
X-ray control methods, need for research (CR) 214
X-ray survey program, Mississippi *331
RECORDS
use of record linkage to determine familial occurrence of disease from hospital records (CR) 208
vital, tabulation by computer, New York State Department of Health *895
REFUSE DISPOSAL
bulk storage and mechanized collection *413
sanitary landfill operations, New York State, 1962 *543
REHABILITATION
application pattern of cerebrovascular accident patients *525
child with rheumatic fever and rheumatic heart disease, nurse's role *533
discharged drug addicts, use of community facilities, New York City (SR) 487
services through organized labor *1040
stroke, inservice training for care facility personnel, Oregon *73
RESEARCH
in public health departments; review *261
operations in public health *297
RESPIRATORY DISEASES *see* name of disease
RETIREMENT
early, risk of mortality (CR) 209
increase in voluntary (SR) 1086
RHEUMATIC FEVER
and rheumatic heart disease among college freshmen, 1956–60, prevalence and prophylaxis *789
and rheumatic heart disease in children, role of nurse in rehabilitation *533
costs (CR) 235

SALMONELLA
and staphylococcus, multiplication in commercial wrapped sandwiches *997
SANITARIANS
sanitary scientist of 1970 *71
SANITATION
see also specific type
environmental sanitation control, legal aspects *683
SANITATION—Continued
nuisances and sources of filth injurious to public health (LN) 296
programs, legal aspects *676
SCHOOL HEALTH
dental health status of children 5 years after school care programs *445
effect of fluoridated water in schools on dental caries susceptibility *778
routine school vision and hearing tests (CR) 224
school dental care in community with controlled fluoridation *113
sex education, school's responsibility (CR) 247
venereal disease control program for teenagers, Los Angeles (E) 306
SEAMEN
tuberculosis among, preliminary study *933
SEAT BELTS
automobile, dynamic tests *125
SEWAGE *see* Wastes
SILICOSIS
in metal miners (SR) 947
SKIN TESTS
tuberculin testing program, use of volunteers *286
SKUNKS
with rabies, incidence in Ohio *161
SMALLPOX
variola minor (alastrim) epidemic in school district São Paulo, Brazil *355
SMOKING
and premature births *553
death rates of smokers and nonsmokers (CR) 207
life expectancy of cigarette smokers (CR) 207
PHS action on report, "Smoking and Health" (SR) 295
risk of bladder cancer (CR) 233
student response to report, "Smoking and Health" (SR) 936
STAPHYLOCOCCUS
and salmonella, multiplication in commercial wrapped sandwiches *997
multiplication of *Staphylococcus aureus* in synthetic cream fillings and pies *369
use of staphylococci as indicators of swimming pool pollution *61
STATISTICS
application of statistical techniques to environmental radiation surveillance *1057
considerations in revision of International Statistical Classification *175
Current Estimates from the Health Interview Survey, United States, July 1962–June 1963 (PA) 454
disease, special examinations as source of prevalence information (CR) 227
estimation of expected rates on occupational disease epidemiology *973

STATISTICS—Continued
methods used to survey a Maryland community's attitude toward mental illness *769
numerical method in therapeutic medicine *1
on blindness, selected States, 1962 *785
physician supply, 1950–63 *905
STREPTOCOCCUS
group A beta hemolytic, rapid identification in throat cultures from children *510
STROKE
rehabilitation, inservice training for care facility personnel, Oregon *73
SUICIDE
Los Angeles Suicide Prevention Center (CR) 218
SURVEYS
acute illnesses and injuries, United States, July 1962 through June 1963 (PA) 454
of infectious diseases, by telephone (CR) 238
SWEDEN
health and cash sickness benefits insurance program *815
SWIMMING POOLS
microbial flora of iodinated and chlorinated, comparative study *251
pollution, staphylococci as indicators *61
SYPHILIS
contribution of hospitals to eradication (CR) 236
evaluation of rapid plasma reagin (circle) card test *491
evaluation of RPR card test for syphilis screening in field investigations *496
FTA–ABS absorption procedure, improved FTA test *410
laboratory reporting of syphilis reactors, California regulation *1015
screening in field investigations, evaluation of RPR card test *496

THYROIDITIS
use of record linkage to determine familial aggregation from hospital records (CR) 208
TOILETS, FROST-PROOF
and hydrants, need for abolishment *603
TOXOIDS
see also Immunization
tetanus, evaluation of effect of standard booster dose (CR) 237
TRAINING
continuing education program, APHA (CR) 246
public health administration *180
public health, report on 1963 conference (CR) 246
scientists for careers in bioscience administration, PHS grants administration program *549
stroke rehabilitation, inservice, for care facility personnel, Oregon *73
TRAINING COURSES
accident control courses, University of North Carolina School of Public Health 342
chemical and biological defense, U.S. Army Chemical School 1064
environmental health, 1964–65, Robert A. Taft Sanitary Engineering Center 457
institute for physicians in industry, Columbia University School of Public Health and Administrative Medicine 57
interdepartmental doctoral program in social work and social science, University of Michigan School of Social Work 1031
mental health public relations, Syracuse University School of Journalism 1031
Public Health Service professional nurse traineeship program 784
TRICHINOSIS
detection of *Trichinella spiralis*, comparison of S–K test with tissue examination *271
TUBERCULOSIS
among seamen, preliminary study *933
community research, Muscogee County, Ga.; summary and annotated bibliography *1045
compulsory testing of school children (CR) 235
international morbidity and mortality (SR) 305
patients at San Francisco General Hospital, study of irregular discharges *277
pulmonary, reactivation of apparently inactive cases *823
tuberculin skin testing survey, use of volunteers *286
TYPHOID FEVER
carriers, treatment by cholecystectomy, New York State, 1945–63 *567

URBAN DEVELOPMENT
environmental health planning for growing suburbia (CR) 213
human needs (CR) 211
planning for environmental health *201
public health planning (CR) 211
relationships between health agencies and planning agencies (CR) 248
sewerage needs (CR) 212
water supply needs (CR) 213

VACCINATION
poliomyelitis, diphtheria, tetanus, and whooping cough immunization for U.S. children, PHS grants (SR) 416
poliomyelitis inactivated vaccine program, 1955–61, national participation *469
VACCINES
see also Immunization
measles, study of efficacy (CR) 235
oral poliomyelitis, report of Surgeon General's committee (SR) 1100
response of infants to DTP-Polio used in nine injection schedules *585

VARIOLA MINOR (alastrim) *see* Smallpox
VENEREAL DISEASES
see also name of disease
clinic, cytological screening for cancer ---- *1112
control program for teenagers, Los Angeles (E) ---- 306
VETERINARY MEDICINE
relationship with human medicine (CR) ---- 240
socioeconomic responsibilities ---- *613
VIETNAM
civilian public health assistance program ---- *383
VIRUSES
influenza and parainfluenza, occurrence in a children's home (CR) ---- 237
Rio Bravo virus in salivary glands of bats ---- *1033
varicella-zoster complement fixing antibody, crude tissue culture antigen for determination ---- *839
virus-induced malignancies, prevention by prenatal vaccination (CR) ---- 233
VITAL STATISTICS
birth certificate reporting for mongolism (Down's syndrome) ---- *19
death rate from bronchopneumonia, upstate New York, 1954–59 ---- *781
evaluation of diagnostic accuracy in medical certification of causes of death (CR) ---- 210
life-expectancy projections (CR) ---- 210
public health conference on records and statistics, 1964 (CR) ---- 991
ratios of morbidity and disability to mortality by sex and age (CR) ---- 209
trends in the United States (SR) ---- 602
use of birth and death certificates for surveillance of congenital malformations, Philadelphia (CR) ---- 223
use of social security numbers on birth certificates for research purposes ---- *937
VOLCANOES
observations on air pollution aspects of Irazú Volcano, Costa Rica ---- *925
WASTES
disposal of solid, public health aspects ---- *93
municipal; summary report of Conference of State Sanitary Engineers, 1964 (SR) ---- 612
research needs for solid (CR) ---- 97
sewerage needs in developing communities (CR) ---- 212
WATER POLLUTION
backsiphonage from frost-proof toilets and hydrants ---- *603
cause of fish kills, 1963 data (SR) ---- 842
coliform and fecal coliform organisms in surface water ---- *58
control in the lower Mississippi (CR) ---- 843
control legislation ---- *699
control study, Lake Erie (SR) ---- 1106
enteric pathogens in surface water and sewage (CR) ---- 216
isolation of enteroviruses from sewage and river water specimens (CR) ---- 215
resolving power of antipollution laws ---- *707
WATER SUPPLY
and sewage systems; law to regulate use of wells and septic tanks in suburbs, PHS (SR) ---- 183
mineralized water, methods to measure consumer acceptance ---- *351
needs of growing suburbia (CR) ---- 213
reclaimed water from sewage for recreational use (CR) ---- 216
treatment techniques (CR) ---- 215
use of wood applicators for confirmatory test in bacteriological analysis of water ---- *812, 1014
ZOONOSES *see* name of disease
